

OGC REVIEW COMPLETED

MEMORANDUM TO: General Counsel
Assistant Director/Personnel

19 August 1952

SUBJECT : Employment of Retired Officers

1. I believe the Director has had in mind for sometime that it might be necessary to amend Public Law 53 so as to enable us to employ more than 15 retired officers. At the moment as I understand it, we have only five or six officers hired under this authority. However, [redacted] has recently joined us and I believe the Director desires to hire him as a civilian when he retires. Similarly, [redacted] will be employed as a civilian under this authority and I understand that DD/P is also considering Colonel [redacted]. In addition we have already committed ourselves to hiring one additional Colonel (whose name I do not recall) to work for DD/P.

2. It is requested that General Counsel and the AD/P examine this matter with a view to making appropriate recommendations to have this number expanded prior to the time the necessity actually arrives.

[redacted]
L. K. WHITE
Assistant Deputy Director
(Administration)
